

**JBNEUFELD**

DEDICATED . THOUGHTFUL . PRECISE

: HUSBAND AND WIFE TEAM :

Justin & Brooke Neufeld comprise JB Neufeld. JB Neufeld is built on the belief that Washington state and specifically the Yakima Valley has the ability to produce some of the greatest Cabernet Sauvignons in the United States. Our passion is to produce Cabernets that will stand the test of time and be part of the WA wine legacy.

All of JB Neufeld wines are from the Yakima Valley AVA in Washington State. The goal is to create wines with a sense of place. Cabernet is one of the best varieties for communicating where and how the grapes were grown without too many winemaker interruptions. Minimal winemaker intervention-maximum terrier expression.

: WHY YAKIMA? :

DIURNAL SHIFT:

THIS IS PART OF  
WHAT MAKES WA  
STATE SUCH A  
SPECIAL GROWING  
REGION.

Sedimentary soils were deposited in the Yakima Valley by the Missoula floods. The high alkalinity and calcium carbonate content of the soil, along with its granular consistency, allows for vines to form a well established root system.

In soils with this composition, root systems are able to reach deep to obtain the necessary nutrients and moisture. Phylloxera struggles in Washington State so many of our vines are ungrafted.

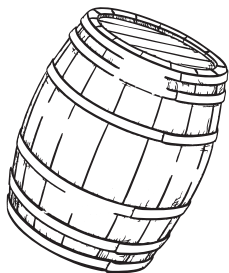

THE HIGH LATITUDE (N 46\*) AND TOPOGRAPHY  
CONTRIBUTE TEMPERATURE SWINGS EXPERIENCED  
DURING THE GROWING SEASON, WITH DAYTIME  
TEMPERATURES AVERAGING 32 ° AND NIGHT TIME  
TEMPERATURES DROPPING BELOW 10 °.

The hot days and cool nights help retain acidity in the grapes, extraction, and lends itself to balanced and structured wines.

All  
our  
fruit  
comes  
from  
the  
Yakima  
Valley  
AVA  
but  
each  
site  
is  
completley  
unique.

YAKIMA VALLEY  
IS THE FIRST  
AMERICAN  
VITICULTURAL  
AREA  
ESTABLISHED  
WITHIN  
WASHINGTON  
STATE.

#### : RED WILLOW VINEYARD :

James Beard Nominee Red Willow Vineyard, is the furthest western vineyard within the Yakima Valley AVA. Founded in 1971, Red Willow is one of the oldest vineyards in Washington State and is still owned and operated by the Sauer family. Their vines are grown on steep hillsides, with unique formations of soils unlike any other.

#### : ARTZ VINEYARD :

Developed by the late Fred Artz this vineyard is planted on a slight north facing slope on Red Mountain in the Yakima Valley AVA. Red Mountain is a perfect growing region for Cabernet Sauvignon. The wind here moves frequently from the southwest and the gusts of airflow keep grape clusters small and the skins thick which concentrates the flavors of the fruit and the richness of the tannins.

#### : CIEL DU CHEVAL :

First planted in 1975 on Red Mountain in the Yakima Valley AVA. When the great Spokane Flood formed the Red Mountain region, the Scooteny Channel backed up leaving deposits of gravel and huge stones. The Ciel du Cheval soil is composed of loam on gravel beds which extend 12 feet or more. Our fruit comes from Clone 337. Fruit from this vineyard exceptional color, strength and richness, while demonstrating remarkable balance of fruit, acidity, and tannin.

#### : TWO BLONDES VINEYARD :

Andrew Will Winery's estate vineyard. This vineyard is the coolest site that we work with and that lends itself to a very aromatic wine full of floral components and more delicate tannins than some of our hottest sites.

JB

JB NEUFELD YAKIMA VALLEY  
OLD GOAT RED WILLOW  
VINEYARD 2020

Generously fruity and handsomely spicy, this full-bodied wine wraps melted tannins around indulgent dried cherry, sweet plum, cinnamon and cedar flavors. It's bid, broad and easy to sip. 56% cabernet sauvignon, 22% merlot, 11% malbec and 11% petit verdot. Drink now or hold.

JB

JB NEUFELD CABERNET  
SAUVIGNON YAKIMA VALLEY  
TWO BLONDES VINEYARD  
2021

Exotic and deep, the wine is steeped in blackberry, blueberry, star anise and balsam notes that have a haunting complexity. Almost-silky tannins lend a little grip to the texture without interrupting the wine's velvety flow. Drink or hold.

JB

JB NEUFELD CABERNET  
SAUVIGNON RED MOUNTAIN  
CIEL DU CHEVAL VINEYARD  
2021

Firm tannins and well-ripened red and black fruit give this wine a hearty, robust expression. The nicely gripping texture carries red cherries, black cherries and sun-baked earth nuances. Best from 2028.

JB

JB NEUFELD CABERNET  
SAUVIGNON YAKIMA VALLEY  
2021

Juicy, concentrated and straightforward, this sturdy wine is packed with black cherries and blackberries on a firm, tannic structure. Blended with 14% merlot that didn't soften it too much.

JB

## JB NEUFELD SAUVIGNON BLANC 2022

A fruity white with aromas of lime zest, lemon curd, guavas and green apples. Medium-bodied, sharp and refreshing with a zesty finish. Drink now. Screw cap.
